Have you ever taken any type of shamanic training before this? If so, what and with who?

How long have you been doing shamanic work? Do you understand that this is an earth lifestyle training, and goes far beyond what one normally finds in shamanic training?

Do you journey, and if so how often?

Please describe your technique for journey work....

How do you intend to use what you learn here?

Why do you want to be part of this community?

Have you previously been involved with an indigenous people? (there are protocols and etiquettes depending on Elder's background. Are you willing to listen to direction on how to be with these folks, on an individual and group basis?)

Briefly describe yourself (interests, passions, joys, values and sorrows)...

What other types of alternative healing trainings have you participated in?

What do you hope to personally get from this community? From this training?

Can you commit to 8 hours a month to dedicate to your studywork? _____

Do you understand this is self paced and it takes as long as you needed it to, and that your participation is based on yearly membership dues?

Your participation allows this work to continue, and for us to help our Elders out. Elders from the Four Corners, and of diverse backgrounds. For more information about our Community Service Projects you can go to <http://www.yraceburu.org/Donations.html>

Thank you for your interest. You'll hear back from us via email within one week after receiving this document. You'll get the preliminary stone packet, an email that you have been put on the Talking Circle discussion group through Yahoo, and more. Dagote... Welcome!
